Our general process to best assess your specific needs/issues/concerns is as follows:

1. Have an initial consultation with Dr. Clark
2. Have imaging done in our office
3. Have lab work done (if needed)
4. Follow up with a discussion about testing results and the options to move forward
5. A. Follow up with a surgical discussion if surgery is the chosen pathway  
B. Follow up with a fertility discussion if fertility treatment is the chosen pathway

**Questions To Ask Your Insurance Company**

**Please be advised it is your responsibility to know your insurance coverage.** The following are questions to ask your insurance company regarding what you will be having done to treat your needs/issues/concerns:

1. Do I need a **PCP referral or authorization** for visits with Dr. Clark?
2. Do I have coverage for?
  - a. Sonohysterograms (SHG) and Pelvic Ultrasounds (GYN scan)
  - b. Blood Draws and Labs
  - c. Medications: such as Lupron, Letrozole, Myfembree, Oriahnn or Orilissa

\*If yes for any of the above:

- **Do I need an authorization for these treatments/services beyond office visits?**
- **Do I have copays on these services?**
- **Do I have deductible that applies to these services?**
- **Do I have a percentage of coinsurance that applies to these services?**

**Financial Policy**

We are dedicated to providing the best possible care and service to you. Therefore, we believe your understanding of your financial responsibilities, including understanding of your insurance plan, is essential. Outlined below is our financial policy:

- Notification of new insurance must be provided no less than **TWO business days** before a scheduled appointment; otherwise, full payment for the appointment will be collected at check-in.
- **Copays/deductibles/coinsurance are due at check-in/prior to any telemedicine or in office appointment.**
- Payment for all services, including office paperwork, that are not covered by your insurance plan is your financial responsibility.
- **Payment:** accepted by **card** or **cash**. A \$10 assessment fee is charged for every declined card payment attempt.
- **Self-Pay: full payment** for service(s) rendered required prior to every appointment.
- **Account Balances:** payment is **due upon receipt** of your statement, made available on your patient portal and sent electronically via Square, unless you have opted out of e-mail communication (see e-mail communication consent) then yours will be mailed.

**Appointment Policy**

We make every effort to accommodate you and your needs. We greatly appreciate your cooperation in assisting us to make this a smooth process. The time we have set aside for your appointment is valuable, which is why a system-generated email is sent 24-48 hours prior to your appointment for confirmation. We require you to be on time to your appointment; if not, we will immediately reschedule your appointment.

If you need to cancel or reschedule your appointment, we request that you contact us immediately. There is a \$50 charge for the initial missed appointment and \$100 for the second. After two appointments for which you did not notify us in advance, you will be discharged from our practice. Additionally, we understand that there are circumstances that may cause you to be late for your scheduled appointment. If this happens, *please contact the office at (508) 917-6720.*

**By signing below, I certify that I have read, fully understand, and agree to contact my insurance company to understand my coverage, the terms of the Financial Policy and the terms of the Appointment Policy.**

### Illness/COVID-19 Protocol

We have created our ILLNESS/COVID-19 protocol based on CDC guidelines and the Massachusetts Department of Health in an effort to keep our patients, providers and staff safe. Please note that this protocol is subject to change.

1. Masks are appreciated, but not required.
2. If you have any symptoms of illness prior to an in-office visit, please contact us immediately as we will advise you on the next steps as they relate to your appointment. We may need to reschedule your upcoming visit.
  - If COVID positive, you are required, per CDC COVID guidelines, to quarantine until symptoms subside. **\*\*PLEASE REFER TO CDC.GOV FOR A FULL LIST OF SYMPTOMS.\*\***
  - If COVID negative, but known exposure, please wear a mask for the safety of all patients and/or staff.
3. If you test COVID positive prior to surgery and you are:
  - **SYMPOMATIC:**
    - i. Your surgery will be cancelled for now. Once you are no longer experiencing symptoms you will need to report that to the office and your surgery then could be rescheduled in 6 weeks from that point (depending on availability).
      1. If you have already signed consents, they will need to be resigned at an in-office visit. Please see #2.
  - **ASYMPTOMATIC:**
    - i. Your surgery will be rescheduled for 6 weeks from your positive test (depending on availability).
      1. If you have already signed consents, they will need to be resigned at an in-office visit. Please see #2.

\*Note: If you must bring someone with you to your appointment, our protocol applies to that person as well\*

If at any point you have questions regarding this protocol, please contact the office:

- Phone: (508) 917 – 6720
- Email: [talktous@nermas.com](mailto:talktous@nermas.com)

**By signing below, I understand the above, acknowledge receipt of this document, agree to adhere to the protocol as outlined above, and understand that this protocol is subject to change.**

**Authorization for E-Mail as a Communication Means**

We at New England Reproductive Medicine and Surgery, LLC (hereafter known as NERMAS) respect your right to confidential communications as well as your right to direct how communication occurs. We offer communication via e-mail as a convenience. Since e-mail is inherently not secure, we will only communicate with you via e-mail with your written authorization. This communication could contain information about appointments, financial responsibilities, and care coordination activities. This communication method also includes e-mails NERMAS generates to you via Square and Meditouch/Nextgen. We will limit information sent via e-mail to the minimum necessary.

**Acknowledgements**

E-Mail Risks: I understand that these e-mails will not be encrypted and the risk of exposure of my health information exists. These e-mails can be inadvertently misdirected by the sender or intentionally intercepted by third parties. NERMAS cannot and does not guarantee the security of these e-mails, nor is it responsible for e-mails that are lost due to technical failure during transmission and/or storage.

Privacy and Confidentiality: I understand that the content of an e-mail may be viewed by any person who has access to my computer/phone. The use of electronic communication means that my confidentiality cannot be guaranteed according to HIPAA regulations.

Ending E-Mail Communication: I understand that I may revoke at any time the authorization thereby ending e-mail communications with NERMAS. The revocation must be in writing via email or by letter notifying NERMAS. The notification to end e-mails will not impact any e-mails that have already been initiated at the time of my notification.

Change in E-Mail Address: I understand that it is my responsibility to notify NERMAS when my e-mail address changes.

Timeframe of E-Mails: I understand that this authorization is valid only while in a treatment relationship with NERMAS.

Purpose of E-Mails: NERMAS does not encourage e-mail for purposes other than routine communication. I understand that if e-mail is chosen to be used in the event of emergency or an urgent request, contact must also be made via phone to the office.

Check **ONLY ONE** option below:

I confirm I have read and understand the above Acknowledgements and I hereby:

**Authorize** NERMAS to communicate with me via e-mail to the authorized e-mail address provided:

\_\_\_\_\_

**Decline** e-mail messages as a communication means with NERMAS. I understand that by doing so I have also opted out of appointment reminders, paperless statements, and paperless visit summaries/flowsheets.

## Fertility Evaluation

A fertility evaluation is usually initiated after 1 year of regular, unprotected intercourse in women under 35 years and after 6 months in women 35 years and older. A couple might not be able to get pregnant because of numerous issues including those of the man, the woman or both, or lack of sperm exposure. When a couple has trouble getting pregnant, providers often test both partners to gather more information. Trying to determine a cause can assist in determining the treatment pathway. However, even with testing, providers oftentimes cannot figure out why.

This means that both the woman and her partner need to be seen in our practice.

If you are a **woman**, your health history including general health, sexual, and menstrual history will be gathered. Testing will be ordered for you at the conclusion of your visit. You might have one or more of the following:

1. Blood tests - these tests can provide information on certain hormones that play a role in female fertility. They will also screen you for certain infectious diseases that can impact you, your partner, the pregnancy, and your baby. You will need to contact the office on your cycle day 1 as these are timed according to your cycle and will need to be done on day 3.
2. Ultrasound - this testing will allow Brian to assess your uterus and/or tubes as problems with either or both can make getting pregnant more difficult. When you call on day 1, Jane or Donna will schedule this testing.
  - a. Sonohysterogram (SHG) - this is done in the office usually between day 5 and day 12 of your cycle. A small catheter is inserted into the uterus and fluid is infused into the uterine cavity and tubes while a transvaginal ultrasound is being done. This allows for enhanced visualization of the cavity and tubes. It will also provide visualization of the ovaries.
  - b. Pelvic ultrasound - this ultrasound, done in the office, is utilized less frequently than the SHG. It is a transvaginal ultrasound which will provide information on the uterus and ovaries. It, however, does not provide good visualization for examination of the tubes.

If you are a **man**, your health history including general health and sexual history will be gathered. Testing will be ordered for you once you have been seen in the office. The following might be ordered for you to complete:

1. Semen analysis (SA) - this test will examine the sperm quality and quantity based on numerous parameters. The results will then be used to guide the next steps including the treatment plan for you and your partner.
2. Urology consultation - this depends on the results of the SA and your health history and may also be required by insurance.
3. Blood tests - these tests will screen for certain infectious diseases that can impact you, your partner, the pregnancy, and your baby. They may also include certain hormones that play a role in male fertility.

There will be a series of appointments booked to follow the completion of your necessary testing as a couple. You will meet with Brian to discuss the results and plan for the next steps. A visit will also be booked with Kristen, Fertility Coordinator, to discuss the process and insurance. This is followed with a plan review and consents to proceed with Brian. This process must be completed before any cycle can be initiated.

If you have any questions on the process or questions in general, please contact the office at (508) 917 – 6720.
